Corporate Payment & Disbursement Policy

Corporate Finance & Operations Policy Manual | Version 2.4

1.1 Standard Payment Terms

The organization operates strictly under standard Net 30 payment terms for all regular vendors, meaning settlement is scheduled thirty (30) calendar days from receipt of a verified, undisputed tax invoice.

Invoices received after 5:00 PM IST on any business day are registered on the next business day.

1.2 Disbursement Schedules and Cycles

Accounts Payable executes bulk disbursements twice monthly: on the 1st and the 15th calendar day (or the next immediate business day if falling on a banking holiday or weekend).

Emergency or out-of-cycle payments require explicit written sign-off from the Corporate Controller or Chief Financial Officer.

1.3 Payment Methods and Routing

All domestic vendor disbursements exceeding ₹2,00,000 must be routed via Real Time Gross Settlement (RTGS).

Payments between ₹10,000 and ₹2,00,000 are processed via National Electronic Funds Transfer (NEFT) or Immediate Payment Service (IMPS). Physical cheque issuance is prohibited except for court-mandated statutory deposits.

1.4 Early Settlement Discounts

Vendors offering a prompt payment discount of 1.5% or greater for settlement within ten (10) calendar days will be prioritized in the weekly payment run.
