Vendor Management & SLA Policy

Corporate Finance & Operations Policy Manual | Version 2.4

2.1 Vendor Onboarding and Due Diligence

Prior to issuing any purchase orders, prospective suppliers must complete Level-1 KYC, submit GSTIN registration certificates, verified PAN cards, and cancelled cheques.

Suppliers without active GST registration cannot be boarded for contracts exceeding ₹50,000 per annum.

2.2 Special Vendor Agreements (Vendor ABC Corp)

By virtue of Master Services Agreement MSA-2023-ABC, Vendor ABC Corp is granted customized Net 45 payment terms rather than standard Net 30 terms.

All hardware and cloud procurement from Vendor ABC Corp requires three-way matching against warehouse delivery receipts before invoice approval.

2.3 Dispute Resolution and Hold Protocol

If an invoice contains discrepancies, Accounts Payable must notify the vendor within seven (7) business days of invoice receipt.

The disputed portion will be placed on administrative hold, while undisputed amounts under the same invoice must be paid per schedule.

2.4 Vendor Blacklisting Criteria

Vendors failing to fulfill statutory GST filing (GSTR-1 / GSTR-3B) for two consecutive quarters will have all pending payouts blocked until reconciliation is finalized.
